December 1, 2018

As you are well aware, commodity costs in general can vary significantly month to month. Specifically, as it relates to Nickel, the November 2018 LME Nickel Cash Average Price was above the base of \$3.00/LB. Copper was above the base of \$0.50/LB. Also, the typical surcharges in place for Iron, Chromium, and Aluminum and have been adjusted for the month. Consequently, the below metal surcharges will apply for all orders shipped during the month of December 2018:
